The Graduate Council considers petitions from graduate students seeking exceptions to the academic regulations stated in the FAMU catalog. Appeal applications must be filed and considered prior to graduation. The attached form should be used for the following types of appeal:

1. Waiver of Academic Suspension
2. Late or retroactive course withdrawal (limited to one year after course enrollment)
3. Late add/swap of registration (limited to the next semester)
4. Administrative drop(s) – Department error
5. Late application for graduation (limited to four weeks after the published term deadline)
6. A total withdrawal for the semester cannot be processed using this form. Please contact your Dean's Office for the proper procedure for obtaining the Petition for a Retroactive Term Withdrawal form.

NOTES: All supporting documentation must accompany all appeal petitions. This action could affect your current and future financial aid award(s); therefore, it is suggested that you check with the Office of Student Financial Aid for your status before submitting this petition.

Please adhere to the following:

I. PETITIONS: may be obtained from and returned to the Graduate Coordinator in the College/School of your major. The original completed petition and supporting documents must be submitted. Colleges are not responsible for petitions that are not submitted directly to and discussed with the proper college representative.

II. DEADLINE: The Graduate Council normally meets monthly. In order for a petition to be reviewed by the college/school and to be heard at a regular meeting, it must be submitted by the end of the first week of each month. Petitions for re-admission (after an academic suspension) must be submitted at least ten working days before the start of classes.

III. SUPPORTING DOCUMENTATION REQUIRED:
A. If the problem is health related, a written statement from an attending physician, Student Health Services, and/or Counseling Center must accompany this petition. The statement must be on the original attached medical form or on letterhead stationery, specifying the dates and the nature of your illness, and indicating that your illness was of such severity as to affect college work and class attendance.
B. If you are citing other circumstances beyond your control as the reason for your difficulty, then the petition letterhead stationary is required.
C. If you have had personal problems which have affected your college work, and you desire confidentiality, then you should consult with the Counseling Center on-campus and request a written letter of support, which should be submitted in a sealed envelope.

IV. ACADEMIC SUSPENSION WAIVER:
If you are petitioning for a reinstatement because of an Academic Suspension, please be advised that, if approved, you will be placed on academic probation. You will be required to obtain a minimum term GPA of 3.0 the next semester. Failure to do so will result in you being placed on a final academic suspension.
V. NOTIFICATION:
The School of Graduate Studies and Research will notify you of the Graduate Council's decision, in writing, at the email address that you provided on the petition form. You will be contacted by your college/school's representative within 48 hours of the meeting. Please note that if you pre-registered, your classes will not automatically be reinstated; therefore, you must contact your academic advisor so that you may re-register for classes.

VI. CONTACT:
Please contact your College/School Representative listed below should you have any questions.
